FISCAL IMPACT STATEMENT

LS 7335

BILL NUMBER: HB 1350

NOTE PREPARED: Jan 12, 2004

BILL AMENDED:

SUBJECT: Certification of Health Care Interpreters.

FIRST AUTHOR: Rep. Aguilera

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: X **GENERAL**
DEDICATED
FEDERAL

IMPACT: State

Summary of Legislation: This bill creates the Commission on Health Care Interpreters and Translators. The bill provides that the Commission is staffed by the State Department of Health. It provides for the certification of health care interpreters and health care translators.

Effective Date: July 1, 2004.

Explanation of State Expenditures: This bill would establish a 9-member advisory commission. The Commission would meet quarterly or on the call of the chairperson; it would expire on June 30, 2005.

The Commission is established to: (1) write bylaws concerning the operation of the Commission, (2) certify health care interpreters, (3) certify health care translators, (4) maintain a registry of health care interpreters and translators, (5) establish rules to process and handle complaints and grievances, and (6) set fees for certification that are sufficient to cover the costs of the Commission including: (a) the costs of the certification process; (b) the costs of maintenance of the registry; and (c) the general expenses of the Commission.

The Indiana State Department of Health would be responsible for (a) providing staff support, and (b) paying the expenses of the Commission. Members of the Commission are entitled to reimbursement for traveling expenses and other expenses actually incurred in connection with the member's duties, as provided in the state policies and procedures established by the Indiana Department of Administration and approved by the State Budget Agency. Members, who are not state employees, are also entitled to the minimum salary per diem of \$50.

Explanation of State Revenues: The bill requires the Commission to establish fees for both initial and renewal certification applications. As a result, the state would experience an increase in revenue. Any increase in revenue is dependent on (1) the number of initial and renewal certification applications the Department receives annually, and (2) the amount of the initial and renewal certification fee.
